CURLIANA.

On Monday afternoon last a very interesting and exciting game of curling was played on the Saskatchewan Curling Club's rink. The game was a challenge match between teams chosen by Messrs. G. T. Brown and Graham Neilson for an oyster supper, to be paid for by the skip who lost the game. Good play was made by both teams, but the fortunes of war (or ice) were against Gordie all through the game, which ended up with ten points in his adversary's favor. In the evening Mr. Brown invited the party and a few friends to an oyster supper at the Queen's, where an enjoyable few hours were spent. The game and players were:—
T. H. Boethwick W. R. Gunn
T. McKay Stovel C. R.
J. Sanderson Gwynne R.
Neilson G. skip 21 Brown G. T. skip 11
as to any ice Neilson, ten shots.

TOWN COUNCIL

The Town Council met on Monday evening last.

All the members were present excepting Comas, Fish and Baker. His Worship in the chair.

A by-law was passed appointing W. E. Bartlett and A. A. B. Sprout auditors.

ACCOUNTS

The following accounts were ordered to be paid:—McGregor and Stanley, \$75; J. L. Johnson & Co., \$28; A. McBeath, \$2; Returning Officer, \$29; E. J. Cann, \$2.10.

J. M. Combs was appointed assessor, and instructed to enter upon his duties.

Applications from Wm. Knox, J. L. Reid and D. A. McGregor for inspectorship of new Town Hall were laid on the table.

The Council then adjourned.

GENERAL NEWS.

London, Jan. 23.—A dispatch from Tangier says that much excitement has been caused in Morocco owing to the fact that the sheriff of Wezin, who is held in reverence only second to that shown to the Sultan, is forcibly detained by the French in Alger. The sheriff is accused by the French of using his religious influence to animate the tribes against French rule.

Ottawa, Jan. 23.—Parliament will be summoned to meet on Thursday, Feb. 25th, for the dispatch of business.

Powell, adjutant general, has received a copy of the amended regulations under which commissions in the Imperial service can be obtained by officers in the colonial militia. There are at present six commissions open to officers in the Canadian militia. The new regulations provide that candidates from military colleges shall be between 18 and 22 years of age, no examination passed under 17 to count. The governor in forwarding applications will certify that the candidate is eligible, having regard to the maximum limit of age, and that he will be prepared when necessary to recommend him in the manner prescribed. Not more than three trials at these examinations will be allowed.

The Canadian Pacific Railway Company will apply to parliament for power to issue ordinary shares of capital stock instead of perpetual debenture stock as the shareholders may determine.

Post Office Savings bank returns for December show \$600,000 paid in and nearly the same amount withdrawn, leaving a balance of \$21,600,000.

The reported irregularities in connection with the Indian reserve fund are authoritatively denied.

It is understood two tenders were received for the proposed fast mail service.

Six petitions for divorce are notified for the coming session.

London, Jan. 23.—It is stated that Prince George of Wales will be given the title of Duke of Sussex, and that his engagement to some princess will soon be announced.

St. Petersburg, Jan. 23.—In future the observance of Sunday is to be strictly enforced in Russia and all shops and places of business are to be closed.

Winnipeg, Jan. 25.—A petrified tree 65 feet in length has been found near Ellendale, N.D., buried to a depth of 18 inches under ground. This stone tree has no branches, they having been apparently nicely chopped off. Much wonder is expressed in regard to this discovery.

It is expected that Canada will require 100,000 square feet of space at the World's Fair in Chicago. The largest space so far taken by the Dominion at any fair was at the Colonial exhibition, when 60,000 feet were required.

An Orange lodge has been organized at Hartney and has been named Mulvey Lodge in honor of Mr. Stewart Mulvey of this city, for the stand he has taken on the educational question.

The sale of school lands by the Dominion Government auctioneer at Glenboro was a great success, resulting in the disposal of thirty-three quarter sections comprising an acreage of 5,255 acres of land. The amount realized was \$48,997. The buyers were chiefly farmers of the district who have been waiting for the opportunity to purchase homesteads, and there was very little speculation. The next sale will be at Portage la Prairie to be followed by a sale at Minnedosa.

Toronto, Jan. 24.—No hope is entertained of Assessment Commissioner Maughan and Judge Street is reported very low. Both gentlemen were originally ill of the grippe.

London, Jan. 24.—The Liberals have nominated Hyman for the Commons.

John Roche will be the Government candidate in Quebec West for the Legislative Assembly.

The writ for Digby was issued. Nomination Feb. 6th, polling Feb. 13th.

London, Jan. 23.—Apartments in the St. James palace are being prepared for the residence of Prince George.

Toronto, Jan. 23.—Mrs. Mary A. Walton, an old resident of Toronto, is dead, aged 75.

Donald Pollock, a British pensioner, and an old resident, is dead.

R. A. Duggan, formerly of Madoc, has been drowned.

Benjamin Shit, one of the oldest residents of Berlin, died suddenly.

Guelph, Jan. 23.—John B. Bruce, son of Alex. Bruce, died on Wednesday. Yesterday his brother Alexander died.

IMMIGRATION.

A short time ago we gave the subject of immigration some consideration, and deeming it of the most vital importance to all, again wish to direct the attention of those who have taken a live interest in the work in the past to the urgent need of immediate and thorough organization of a committee to carry out the wise policy pursued during past seasons by those in charge. It seems to be the only practicable method of furthering this work, and were the committee supported as they should be, the results would be such as to astonish even the most sanguine. It is a fact however that in some quarters where much was expected little was given. This unfortunate state of affairs was not altogether avoidable. At the time when assistance from farmers was most needed by the committee, the farmers themselves were in the midst of the grandest harvest they had ever seen, and time to them meant money indeed. It is sincerely hoped that this season's harvest may be equally troublesome as to quantity and quality of grain, but we also hope that more of the agricultural class will take a share in the labors of the committee. The interest of one means the interest of all, none will be more surely benefited by immigration than farmers. They should turn in with a will then and assist all efforts in that direction. Much could be done by furnishing samples of grain and reports of threshing, etc., to the local press and through correspondents of eastern newspapers. The composition of the immigration committee of 1891 was, as we have said before, satisfactory to all. A move should be made at once towards re-organizing. The majority of the former members are, it is understood, willing to aid this year in whatever is undertaken for the general good, and it is time that they should begin operations if their labors are to be successful. The Government of Manitoba has a large staff of agents engaged in eastern Canada setting forth the claims of

that province, and unless we bestir ourselves many of the most desirable new settlers from the old provinces will be headed off from the Northwest and persuaded to settle in Manitoba. Perhaps His Worship Mayor Donaldson would call a meeting of citizens at an early date when this, with other questions, could be discussed and conclusions arrived at. Meetings of this kind have been exceedingly rare of late; to resume the old practice might be beneficial.

FIRE PROTECTION.

We trust no rebuke will be administered by our local contemporary if reference is made in these columns to an article on "Fire Protection" contained in last week's *Saskatchewan*. We are pleased to see that following in the wake of *THE TIMES*, our contemporary has also taken up this all important subject. In the article, the plan of erecting fire walls is suggested. This no doubt might answer fairly well as a precaution against the spread of fire in the more thickly populated portions of the town, but it is evident at a glance that as a means of general fire protection such a scheme would be entirely impracticable. It must certainly be felt by the new Council after the expressions of local papers that the question of protection from fire is a serious, we had almost said a burning, one, it is their duty to take steps at as early a date as possible to provide suitable equipment of some sort. There are several ways in which this can be done, and among others might be mentioned a system of water works, controlled either by the town or by a company organized for the purpose of supplying water to citizens and also to be used as a means of protection against fire. Propositions from parties who might wish to invest in an enterprise of this kind could be called for by the Council, the cost estimated and an expression of opinion from the ratepayers taken. Certainly no harm could result from this course, and it is possible that a first-class water supply together with the much needed fire protection might be obtained at a trifling difference in cost of either system separately. At all events the new Council should earnestly and promptly set about devising some means whereby these advantages could be secured, and we have no doubt that outside capitalists would become interested were the facts as they stand made known.

FREE READING ROOM.

To the Editor of the Times.

Sir,—The managers of the Reading Room are always glad to receive suggestions that may add to the usefulness and popularity of the institution, but in the matter of allowing smoking in the Rooms, if they tried to please all parties they would probably be placed somewhat in the ridiculous position of the man in the fable who tried to carry his donkey. If our smoking friends will see that the funds are forthcoming, the managers will be only too glad to add a smoking room to the other attractions of the institution.

Yours etc.,
MANAGER.

The Legislative Assembly of the Northwest Territories concluded their labors and the House prorogued on Saturday last. This session was marked by a much better feeling between the members, and as a consequence a large amount of satisfactory work was got through with. We regret to learn of the resignation of one of the Saskatchewan members, Mr. Clinksill, who was a member of the new Advisory Board, and a level headed and careful legislator.

The Buffalo Merchants' Exchange have very little doubt as to who suffers by the duty of 30 cents on Canadian barley. By a large majority yesterday they demanded a return to the old rate. They take no stock in the theory that the Canadian farmer is the sufferer.

A British Columbia paper says practical work has commenced in the development of the Pacific halibut fisheries, which have hitherto been neglected. Vancouver and Victoria boats have proceeded north towards these fishing grounds. It is the intention to bring their catches to Vancouver in twenty ton lots to be shipped east in refrigerating cars. The Pacific coast, it is further stated, is rich in cod fishing grounds, which up to the present time have not been worked, notwithstanding the fact that they promise remunerative yields.

THE ASSEMBLY.

Monday, Jan. 11th.

Mr. Nolin moved for a select committee composed of Messrs. Clinkskill, Betts, Mitchell, Prince, Mayors, Sutherland, Davidson and the mover, to enquire into the question of indemnity claimed by certain persons said to have suffered loss of property after the hostilities of the rebellion of 1855 had ceased and to report to this Assembly by resolution or as they may deem fit. He said that after the rebellion certain representatives of the Government, who were supposed to protect the lives and property of the people in his district, had stolen and destroyed the property of these people, resulting in many cases in losses, and he (Mr. Nolin) held the Government responsible.

Dr. Brett moved that a special committee composed of Messrs. Magrath, Cayley, Oliver and the mover be appointed to investigate the different systems of coal mining operations in the Territories and prepare a Bill to regulate the same. He explained that the object was to prepare a bill that would be satisfactory to all coal mining districts in the Territories.

Bills re Diocese of Calgary and Dalymen's Association were put through committee of the whole, read the third time and passed.

Mr. Mowat moved the second reading of Bill (No. 28) re William Leane.

House went into committee of the whole on Bill (No. 18) re the Legal Profession, and on motion of Mr. Cayley, immediately rose and reported progress.

Bill (No. 24) re Rivers, Streams and Creeks, and Bill (No. 17) re the Calgary Ranchmen's Club, were put through committee of the whole, read the third time and passed.

House resumed Committee of the Whole on Bill (No. 6) re Deputy Clerks and Sheriffs.

Committee rose and reported the bill with amendments, which were read the first and second times.

LICENSE BILL.

Committee of the whole resumed on the License Bill.

Clause 3 was reconsidered, and upon motion of Mr. Betts, subsection 2 was amended to read the effect that where an auctioneer sells liquor at public auction in quantities not less than two gallons at any one time, such liquor must be part of a bankrupt estate, and must not be broken for the purposes of the sale.

After section 38, Mr. Cayley proposed a new clause providing that hotels in town municipalities must contain ten bedrooms, in unincorporated towns seven bedrooms, and in other places four bedrooms, and that these latter hotels must have suitable accommodation for at least six horses besides those of the hotel-keeper.

Mr. Hill moved in amendment that the number of bedrooms "in other places" be changed from four to six. Amendment lost.

On reconsideration of clause 24, Mr. Betts wished to obtain the sense of the House on the advisability of basing the number of licenses to be issued in town municipalities pro rata of population. He therefore moved an amendment to that effect. After further discussion the amendment was carried on division.

On clause 75, holding hotel-keepers subject to penalties in cases of death by suicide, drowning or perishing from cold resulting to persons drinking to excess in their houses, Mr. Tweed moved that the clause be struck out. After discussion the clause was allowed to stand pending the preparation of an amendment.

Mr. Cayley moved the addition of a new clause, to the effect that any railway company may obtain a special license from the Chief Inspector to sell wine or beer on dining cars upon payment of a fee of \$50 annually expiring on the 30th June. He said that was a provision made in the Manitoba Ordinance of 1889 for the benefit of the traveling public.

After a lengthy discussion in which several members took part, Mr. Cayley's motion placing the figure at \$100 was carried.

The Committee rose and reported progress and the House adjourned at 10.30.

Tuesday, Jan. 12th.

In the absence of the Speaker Deputy Speaker Sutherland took the chair at the usual hour.

Sundry reports being presented, Bill (No. 18) re the Legal Profession, was put through Committee of the Whole, read the third time and passed.

Committee of the Whole on the License Act.

Mr. Betts moved in amendment that the following clause be added to section 24, to be called subsection (b): "In town municipalities, where the population does not exceed 500, not more than two licenses shall be granted, and that not more than one license shall be granted for each additional 500 of population."

Mr. Cayley—Who is going to count the population?

Mr. Betts said that in every town municipality the census was taken.

Mr. Cayley—Who takes it?

Mr. Betts—The assessor.

Mr. Cayley—But he only assesses rates.

Mr. Haultain—Suppose he does not? Mr. Betts—Doubtless the town authorities will find means of ascertaining the population.

Mr. Oliver—What is the matter with the Commissioner and Inspectors doing it?

Mr. Betts—Parties who want licenses will take means of finding out whether or not he is entitled to a license by population.

Mr. Cayley—Suppose, an applicant claims there is a certain population and asks for a license on that ground, how are you going to dispute him?

Mr. Betts said he was not working out the bill. He was simply giving effect to the principle agreed to by the House yesterday. How the census should be taken was another thing he would be satisfied if the House decided that the Commissioner attended to it.

Mr. Haultain said that when a member introduced an amendment respecting where an important principle such as this was involved, he should come prepared to furnish the machinery required by the acceptance of his principle if he were in earnest, and not take up the valuable time of the committee with incomplete propositions.

Mr. Betts submitted that he had not given any evidence that he was not as thoroughly in earnest in the matter as any hon. member. He did not wish to obstruct the business of the House, and he was just as earnest in restricting the sale of intoxicating liquor as the hon. gentleman was in giving a purely nominal law. (Clear, hear.)

After some further discussion the amendment was voted upon and agreed to.

House adjourned.

Wednesday, Jan. 13th.

Mr. Mowat introduced a Bill to amend the Ordinance respecting Schools.

Bill read the first time.

Mr. Davidson moved the second reading of Bill No. 30, to amend the Municipal Ordinance. Carried.

Mr. Neff moved the second reading of Bill No. 31, to give E. A. C. McLaughlin a certain status as student at law.

House resumed Committee of the Whole on the License Bill—Mr. Sutherland in the chair.

On section 92, subsection 1, which provides a penalty in the case of liquor being sold to drunkards where such sale has been prohibited, Mr. Magrath moved that the clause pass.

Mr. Davidson moved in amendment that the clause be struck out.

Clause agreed to on division.

Section 142 licensing railway companies, was amended to include spirits as well as wines and beer to be sold on dining cars.

Mr. Cayley moved a new section (No. 143) providing for the act to come into force on the first of May also for dates of meetings of the Boards of Commissioners, and for the increases to run this year from the first of May until the 30th of June, 1893, the fee to be proportionately increased.

Section agreed to.

Mr. Cayley moved a new section (No. 144) providing for the licensing of the sale of liquor in not more than two restaurants in the town of Calgary. He explained that in other provincial liquor acts provision was made for special cases. Mr. Magrath asked the hon. gentleman to insert Lethbridge as well, if it did not endanger his case.

Mr. Cayley agreed, and Lethbridge was added.

Mr. Cayley's motion lost.

Dr. Brett moved an amendment to section 92, by adding as subsection two a provision to the effect that no male or female under sixteen years of age shall act as bartender. He said that either boys nor girls should if possible be prevented from being allowed to be thrown under the demoralizing influence of our room occupancies.

Amendment agreed to.

The various schedules to the bill were passed, and the committee rose and reported the bill with amendments.

After several other amendments were put and lost, on motion of Mr. Cayley the amendments to the Bill were read the second time.

Bill (No. 20) respecting prairie and forest fires was put through Committee of the Whole read the third time and passed.

The House then adjourned.

Thursday, Jan. 14th.

Mr. Davidson seconded by Mr. Reaman, moved the following resolution: "That the Assembly request the Executive Committee to enter into correspondence with the Dominion Government at as early a date as possible, with a view to receiving for the Territories a daily mail."

Motion agreed to.

Mr. Winkus moved the second reading of Bill (No. 32) to amend the Brand Ordinance.

Bill read the second time.

Mr. Oliver moved the second reading of Bill (No. 33) to amend the Joint Stock Companies' Ordinance.

The House resolved itself into Committee of the Whole on Bill (No. 30) to amend the Municipal Ordinance.

After some lengthy discussion Mr. Oliver moved that the provisions of the Northwest Municipal Ordinance in respect to poll tax be struck out.

Mr. Magrath said that municipalities did not always impose this poll tax, but he thought it would be unwise to take the power out of their hands of doing so if they so wished.

The amendment was lost on division, and reported progress.

On motion of Mr. Neff, Bill No. 31, to give E. A. C. McLaughlin a certain status as student at law was put through committee of the whole, read the third time and passed.

The House resolved itself into a committee of the whole on Bill No. 1 respecting chimney and dinglers.

After passing a certain part of the clause, the committee rose and reported progress.

At this stage a message was received from the Lieutenant-Governor announcing the death of the Duke of Clarence, and on motion of Mr. Haultain the House adjourned out of respect.

Friday, Jan. 15th.

Mr. Haultain presented the report of the Committee on Standing Orders and Library recommending the petition of the Regina Assiniboia Club.

The following bills were introduced and read the first time.

Mr. Page—The ordinance respecting Aborigines.

Mr. Davidson—The ordinance respecting the protection of property.

Mr. Cayley—An ordinance respecting benevolent, provident and other societies.

House resolved itself in a Committee of the Whole on Bill No. 33 to amend the Joint Stock Companies' ordinance—Mr. Sutherland in the chair.

The various clauses were passed without amendment excepting a slight change in the last, and the Committee rose and reported the Bill.

Bill No. 25 to enable William Laurie to be enrolled as an Advocate of the Territories was on motion of Mr. Mowat put through Committee of the Whole, read the third time and passed.

House in Committee of the Whole on Bill (No. 23) re rivers, streams and creeks, and making some slight alterations with out discussion, reported progress.

House resolved itself into Committee of the Whole on Bill (No. 26) respecting the Bell Telephone Company, and after a lengthy discussion in which several members took part, on motion the House adjourned.

New York, Jan. 24.—Among the passengers who arrived to day on the steamer *Lucania* was Sir George Baden-Powell, the British-Behning S.A. commissioner, who will endeavor to bring about an amicable settlement regarding the fisheries troubles. Sir George will probably go to Canada from here to confer with the Canadian authorities, after which he will go to Washington.

Toronto, Jan. 23.—Inspector Archibald has issued a summons against a number of persons charging them with selling lottery tickets. One of the persons thus charged is Malcolm Murdoch, manager of the Guardian Loan and Trust Company, of California.

Ottawa, Jan. 23.—Hon. Mr. Foster, minister of finance, is confined again to his house with a severe cold.

I CURE FITS!

When I say I cure I do not mean merely to stop them for a time and then have them return again. I mean a radical cure. I have made the disease of FITS, EPILEPSY or FALLING SICKNESS a life-long study. I warrant my remedy to cure the worst cases. Because others have failed is no reason for not now receiving a cure. Send at once for a treatise and a free bottle of my infallible remedy. In the points game for this year's district meal, on the Saskatchewan rink, Mr. J. L. Johnson made twenty-seven points, winning the first claim on the medal, a big score considering the condition of the ice, which is not at all fit to play points on. For last year's medal Mr. Russell played the winning game, and will play off with Mr. Johnson, who also has a claim, being the first winner.

By advertisement in another column the president of St. George's Society calls for a meeting of the members of the society at the Queen's hotel on Friday, February 5th, at 7:30 p.m. As business of great importance to the society will be under discussion, a full attendance is specially requested. The society's flag in front of the hotel will be hoisted on that day to jog your memory.

A meeting of No. 2 Fire Company was held in the Town Hall Friday evening, when the following officers were elected for the year:—Captain, D. C. McLean; Sec.-Treasurer, R. McKay; 1st Lieut., J. O'ford; 2nd Lieut., A. Hadeney; 3rd Lieut., Jos. Wigmore; Capt. of Salvage Corps, M. C. O'Connor; Lucas, A. L. Robertson; Heavy Axemen, S. McLeod, C. McGregor; Light Axemen, James Temple, J. McKenzie. The next regular meeting will be held on the first Friday evening in February.

ANNUAL MEETING.

The congregation of St. Paul's church (Presbyterian) held its annual meeting on Thursday evening last, for the purpose of receiving the various reports and electing office bearers.

The Rev. Mr. Rochester, pastor, opened the meeting with devotional exercises, when Mr. John McTaggart was called to the chair, and Dr. Stovel acted as secretary.

Reports were read from the Session showing a large addition to the membership; from the Ladies' Aid showing the excellent work the ladies had done during the year; from the Bible class; from the Sunday school; from the Building committee and from the Managers.

Ten months ago when the Rev. Mr. Rochester became pastor of this church, the congregation was without a church to worship in, and a debt of over \$800 to pay off. The new managers have been enabled to wipe off that debt, and a new church has been erected at a cost of over \$4,000, upon which still remains a debt of about \$2,200.

The church has not for many years been in such a prosperous state as at present, and a great deal of this is due to the energy and the self-sacrificing spirit of the pastor, who seems to have at heart his Master's cause and the well being of those under his charge.

Wm. Galbraith, J. B. Kernaghan, R. T. Goodfellow, and Isaiah McColl were elected managers, and F. W. Potter and J. B. Kernaghan ushers. The Rev. Mr. Rochester then pronounced the benediction and the meeting closed.

SASKATON.

Rev. Dr. Harrison from Regina delivered two lectures here. The first subject was "Be sure you are right then go ahead," the second on "The connection of the British Empire with the Bible." Both lectures were well attended and everybody reported as well satisfied with both the subjects and speaker. Dr. Harrison goes to Prince Albert tonight where he will lecture on the same subjects.

Weather here has been very mild for the last few days. It is quite a relief after the cold lapse we have had.

We notice that our friend Mr. Weller has taken to wear glasses. We wonder if that is a sign of an early spring.

The expected departure of Mr. P. McC. from our town will, we are afraid, be a cause of deep sorrow to the ladies.

A race is now on between Mr. Voyer and Mr. Garrison, betting about even. The result is a subject of deep interest to one outside party.

Our C. P. R. agent is expected to leave here next week on a visiting tour, it is whispered he will not come back alone. El says it costs sixteen big dollars to take his girl out for a drive.

"August Flower"

Biliousness, "I have been afflicted with biliousness and constipation for fifteen years; first one and then another preparation was suggested to me and tried but to no purpose. At last a friend recommended August Flower. I took it according to directions and its effects were wonderful, relieving me of those disagreeable stomach pains which I had been troubled with so long. Words cannot describe the admiration in which I hold your August Flower—it has given me a new lease of life, which before was a burden. Such a medicine is a benediction to humanity, and its good qualities and wonderful merits should be made known to everyone suffering with dyspepsia or biliousness." G. G.
